

3.2 Danger Signs

1		<p>What must you be prepared for in this situation?</p> <p>A) Workers and construction equipment on the roadway b) An uneven and dirty roadway c) Police regulating traffic</p>
2		<p>What do you do when you see this traffic sign?</p> <p>A) Reduce Speed b) Be ready to brake c) Observe the traffic coming from the right only</p>
3		<p>What should you remember when you see this traffic sign?</p> <p>A) Braking distance is greater on downhill slopes than on level ground b) The brakes may become less efficient with prolonged use c) The brakes become more efficient when no gear is selected</p>
4		<p>What should you do when you see this traffic sign?</p> <p>A) Give precedence to oncoming traffic b) When there are two lanes in one direction, employ the zipper feed-in method c) Where there are two lanes in one direction and you are driving on the left lane, you take absolute precedence</p>
5		<p>You see this traffic sign. What must you reckon with?</p> <p>A) Oncoming traffic b) Dazzle from oncoming traffic at night c) Oncoming traffic taking precedence</p>
6		<p>What does this traffic sign require of you?</p> <p>A) Readiness to brake b) Reduction in speed c) Greatest alertness</p>
7		<p>You pass this traffic sign while driving outside a built-up area. How far off is the hazard to be expected?</p> <p>A) Between 150 m and 250 m b) Between 50 m and 150 m c) Between 250 m and 350 m</p>
8		<p>What must you be prepared for when you pass these traffic signs?</p> <p>A) this road may be used for winter sports b) there is packed snow or black ice on the roadway c) only the pavements are used for winter sports</p>
9		<p>What do you do when you see this traffic sign?</p> <p>A) Reduce your speed b) Drive as far as possible over on the right-hand side c) Accelerate strongly immediately after the right bend</p>
10		<p>What do you have to expect after these traffic signs?</p> <p>A) A downhill slope 800 m in length b) An uphill slope 800 m in length c) The beginning of a downhill slope 800 m ahead</p>
11		<p>What do you do when you see this traffic sign?</p> <p>A) Change down gear, if necessary b) Change to a higher gear in order to maintain your speed c) Brake so that your speed will not increase too much on the downhill slope</p>
12		<p>What should you do when you approach this traffic sign?</p> <p>A) Reduce your speed b) Increase your speed c) Avoid the uneven patches by making sudden steering wheel movements</p>

13		<p>What dangers can arise if this traffic sign is ignored?</p> <p>A) The load could be damaged b) The vehicle could suffer a broken axle or spring fracture c) The vehicle could go into a skid and endanger oncoming traffic</p>
14		<p>What does this traffic sign warn you of?</p> <p>A) Danger of skidding when the roadway is wet b) Danger of skidding when the roadway is dirty c) Drivers under the influence of alcohol</p>
15		<p>What do you do when you see this traffic sign?</p> <p>A) Reduce your speed b) Refrain from overtaking c) Always stop before the road narrows</p>
16		<p>What must you reckon with when you see these traffic signs?</p> <p>A) A road widening 50 m ahead b) The roadway narrowing for 50 m c) The roadway narrowing approximately 50 m ahead</p>
17		<p>What must you reckon with when you see this traffic sign?</p> <p>A) Men at work on a roadway b) Traffic from road construction vehicles c) Construction materials on the roadway</p>
18		<p>What must you reckon with when you see this traffic sign?</p> <p>A) Traffic congestion b) The vehicles driving in front may suddenly brake c) The roadway widens into three lanes</p>
19		<p>What does this traffic sign indicate?</p> <p>A) Traffic lights b) A customs post c) A level crossing with flashing red light</p>
20		<p>What do these traffic signs indicate?</p> <p>A) A level crossing in the road turning right b) The direction from which a train could come c) A diversion avoiding the level crossing</p>
21		<p>What does this traffic sign indicate?</p> <p>A) A level crossing approximately 160 m ahead b) A level crossing approximately 240 m ahead c) A level crossing approximately 80 m ahead</p>
22		<p>What does this traffic sign indicate?</p> <p>a) A level crossing approximately 80 m ahead b) A level crossing approximately 160 m ahead c) A level crossing approximately 240 m ahead</p>
23		<p>What do you do when you see this traffic sign on autobahn?</p> <p>a) Increase your alertness and, as a matter of precaution, increase your distance to the vehicle in front b) In case of a traffic jam, brake and switch on hazard warning lights c) In case of a traffic jam, move over onto the hard shoulder and proceed</p>
24		<p>What must you do when you see this traffic sign?</p> <p>A) Drive as far as possible over on the right-hand side b) Reduce speed before the bend c) Indicate left before the bend</p>
25		<p>What do you do within this danger situation?</p> <p>A) Drive more slowly, watch out for game animals b) Dip the headlights and brake when you see game animals c) Do not avoid hitting game animals if oncoming traffic would be endangered</p>

26		What does this traffic sign combination indicate? A rail crossing A) at a distance of approximately 240 m b) At a distance of approximately 160 m c) At a distance of approximately 80 m
27		What does this traffic sign combination indicate? A) Icy conditions b) Snowy conditions c) Avalanches
28		What must you anticipate with this road sign combination? A) A dirt covered roadway b) Farm livestock on the roadway c) Wild animals crossing
29		What do you have to be aware of when you see this traffic sign combination? A) No overtaking of vehicles permitted b) A rail crossing at a distance of 240 m c) A rail crossing at a distance of 120 m
30		What awaits you with this traffic sign combination? A) A work site, commencing at a distance of approximately 100 m b) A work site, ending at a distance of approximately 100 m c) A work site that is approximately 100 m in length
31		You pass this traffic sign combination at outside temperature of +3C. What should you do a) I reduce my speed b) I immediately reduce the distance between me and the vehicle in front c) I continue driving as before, because there is nothing to indicate slippery ice
32		What should you avoid when you see this danger sign? A) Accelerating heavily b) Sudden steering manoeuvres c) Driving close to the vehicle in front
33		What does this traffic sign combination include? A) A moveable bridge b) Drainage works c) A ferry
34		What must you be aware of when you see this traffic sign combination? A) The road leads to the bank of a waterway b) There is a risk of confusing the water surface and roadway in darkness or in poor visibility c) An entrance exit point must be kept clear for amphibian vehicles
35		What must you be aware of when you see this traffic sign combination? A) Avoid stopping and parking b) Vehicles in front may brake suddenly c) Stones may be lying on the roadway
36		What does this traffic sign combination include? A) A rail crossing b) A train situation c) A rail underpass
37		What must you anticipate with this road sign? A) Oncoming traffic might cut the corner b) You are nearing a hard right-hand bend c) Vehicles in front of me might slow down sharply
38		What must you anticipate with this road sign? A) With cyclists who may cross the carriageway b) With a "cyclists prohibited" zone c) With an underpass for cyclists

39		<p>What must you anticipate with this road sign combination?</p> <p>A) Other road users becoming distracted b) Suddenly occurring noise from aeroplanes c) An entrance to or exit from an aerodrome</p>
40		<p>What does this traffic sign combination indicate?</p> <p>A) A pedestrian crossing b) An overpass for pedestrians c) An underpass for pedestrians</p>
41		<p>What must you be prepared for upon seeing this traffic sign?</p> <p>A) For side winds b) For counter-steering c) For aircraft overhead</p>
42		<p>What must you be prepared for upon seeing this traffic sign?</p> <p>A) For the necessity for adjusting speed b) For the necessity for counter-steering c) For an alteration in the responsiveness of the vehicle</p>
43		<p>What does this traffic sign combination indicate?</p> <p>A) Danger in connection with horse b) No through-traffic because of a bridle-path c) That people on horseback have priority over motor vehicles</p>
44		<p>What does this traffic sign combination indicate?</p> <p>A) Danger in connection with horse and carriages b) Horse and carriages are not allowed to pass through c) That horse and carriages have priority over motor vehicles</p>
45	Video	<p>To whom must you pay particularly close attention in this situation? To the</p> <p>a) cyclist b) white truck c) red car</p>
46		<p>How do you pass through an incline safely ? I took my foot off the accelerator completely and</p> <p>a) select a gear in which I am not required to brake a great deal b) switch the ignition off c) drive in neutral</p>
